## 2022 Property Revaluation – Sales Data Collection

The Hudson Board of Selectmen and the Assessing Department have hired an appraisal contractor, Vision Appraisal (VGSI), to conduct the 2022 Property Revaluation. As part of the initial phases of the project their personnel will be conducting on-site data collection on properties that have sold from June 1<sup>st</sup> of 2021 on going through May 15<sup>th</sup> 2022. All field personnel have photo identification issued by the Town, and their vehicle information is on record at the Hudson Police Department. It is requested that property owners please allow the personnel to review the exterior measurements of their properties, and assist the representatives as they qualify the interior data and queries on the sale of the property at the door. There is also further information on the Town website in regards to the 2022 Revaluation;
